**Purpose of declaration** The filing of a declaration of estimated Maryland income tax is a part of the pay-as-you-go plan of income tax collection adopted by the State. If you have any income such as pensions, business income, lottery, capital gains, interest, dividends, etc., from which no tax is withheld, or wages from which not enough Maryland tax is withheld, you may have to pay estimated taxes. The law is similar to the federal law.

**Who must file a declaration** You must file a declaration of estimated tax if you are required to file a Maryland income tax return *and* your gross income would be expected to develop a tax of more than \$500 in excess of your Maryland withholding.

You must file a declaration with payment in full within 60 days of receiving \$500 or more of income from awards, prizes, lotteries or raffles, whether paid in cash or property if Maryland tax has not been withheld. A married couple may file a joint declaration. If you are filing a joint declaration, both Social Security numbers must be entered. If filing on behalf of a minor, the name and Social Security number of the minor must be entered.

**When to file a declaration** You must pay at least one-fourth of the total estimated tax on line 15 of this form on or before **April 15, 2018**. The remaining quarterly payments are due **June 15, 2018, September 15, 2018 and January 15, 2019**. You may pay the total estimated tax with your first payment, if you wish. If you are filing on a fiscal year basis, each payment is due by the 15th day of the 4th, 6th, 9th and 13th months following the beginning of the fiscal year.

**Overpayment of tax** If you overpaid your 2017 income tax (Form 502 or 505), you may apply all or part of the overpayment to your 2018 estimated tax. If the overpayment applied equals or exceeds the estimated tax liability for the first quarterly payment, you are not required to file the declaration. If the overpayment applied is less than the estimated tax liability, you should file the declaration and pay the balance of the first installment.

**How to estimate your 2018 tax** The worksheet is designed to develop an estimate of your 2018 Maryland and local income tax. Be as accurate as you can in forecasting your 2018 income. You may use your 2017 income tax as a guide, but if you will receive more income than you did in 2017, you must pay at least 110% of your prior year tax to avoid interest for underpayment of estimated tax. For the purpose of estimating, rounding all amounts to the nearest dollar is recommended.

Nonresidents who want to estimate 2018 Maryland taxes may use the Nonresident Estimate Tax Calculator at [www.marylandtaxes.gov](http://www.marylandtaxes.gov).

**Specific Instructions:**

**Line 1.** Total income expected in 2018 is your estimated federal adjusted gross income.

**Line 2.** Net modifications. You must add certain items to your federal adjusted gross income. See Instruction 12 of the tax instructions. You may subtract certain items from federal adjusted gross income. See Instruction 13 of the tax instructions. Enter on this line the net result of additions and subtractions.

**Standard deduction.** Compute 15% of line 3.

**If Filing Status 1, 3, 6:** If the amount computed is less than \$1,500, enter \$1,500; if the amount is between \$1,500 and \$2,000, enter that amount; if the amount is more than \$2,000, enter \$2,000.

**If Filing Status 2, 4, 5:** If the amount computed is less than \$3,000, enter \$3,000; if the amount is between \$3,000 and \$4,000, enter that amount; if the amount is more than \$4,000, enter \$4,000.

**Filing a return instead of fourth payment** Instead of making the fourth declaration payment on or before **January 15, 2019**, you may file your 2018 personal income tax return, provided you file it on or before **January 31, 2019** and pay in full with the return any balance of tax due.

**Farmers and fishermen** If your estimated gross income from farming or fishing is at least two-thirds of your total estimated gross income for the year, special provisions may apply. Your 2018 declaration and full payment of the estimated tax are due on or before **January 15, 2019**. You do not have to file the declaration if you file your complete tax return (Form 502 or 505) and pay the full amount of tax due on or before **March 1, 2019**.

**Changes in income or exemptions** Your situation may not require you to file a declaration on **April 15, 2018**. However, a large increase in income after that date may require you to file a declaration. If at any time during the year you need to amend your original declaration, simply increase or decrease the remaining payments.
