A SCAT license may be issued to a person who: (1) is engaged in the business of catering; (2) meets all State and local licensing requirements; (3) holds any catering license that may be required by a local political subdivision; and (4) holds an existing permanent retail alcoholic beverages license other than a Class C license or does not hold an alcoholic beverages license but has a permanent office and storage facility for alcoholic beverages in the State. A SCAT licensee may acquire alcoholic beverages through a licensed wholesaler, if the licensee also holds a retail license, or through a retail dealer in the State.

A SCAT licensee may serve alcoholic beverages at a catered event throughout the State to persons of legal drinking age on unlicensed premises or on temporarily licensed premises. A licensee may store unused alcoholic beverages at the principal place of business for use at future catered events.

A licensed retailer who operates solely in a political subdivision under the authority of the local Board of License Commissioners need not acquire a SCAT license. Local boards are authorized to monitor SCAT licensees and report violations of alcoholic beverages law to the Comptroller's Office.

A SCAT licensee is required to supply service personnel, and ensure that the personnel are present at all times during the catered event. The personnel must be present for deliveries of alcoholic beverages, and at least one individual must be certified by an alcohol awareness program that is licensed by the State Comptroller. All unused alcoholic beverages must be returned at the end of a catered event to the principal place of business. The sale of food must represent at least 70% of the total cost of the event. A SCAT licensee may not serve alcoholic beverages at its office, or at any event for which the holder is a sponsor, except when operating under a permanent on-premises retail alcoholic beverages license.

A SCAT licensee may sell and serve alcoholic beverages only during the hours and days that the holder of a Class B license may operate in the jurisdiction where the catered event is conducted. A person or establishment may have only one SCAT license.

The SCAT license may be issued as a general or limited license. A general SCAT license authorizes the holder to operate in any political subdivision of the state and a limited SCAT license authorizes the holder to operate in not more than three contiguous designated political subdivisions provided that the total population of the designated political subdivisions does not exceed 1,000,000.

The annual fee for a general SCAT license is \$2,000.00. For a limited SCAT license, the fee is based upon the most recent applicable records of the designated political subdivisions as compiled by the Department of Health and Mental Hygiene as follows:

1. A population of at least 600,000 \$1,500.00
2. A population of more than 300,000 but less than 600,000 \$1,000.00
3. A population of not more than 300,000 \$750.00

An applicant for a SCAT license who holds a permanent retail license and a special catering license, or who pays an additional fee for the privilege of catering in the applicant's political subdivision, shall be entitled to a license fee credit not to exceed the additional catering fee paid. However, there must be a minimum license fee payment of \$250 for a general or limited SCAT license.
